

EAASI

European Association Amusement Supplier Industry

Press release February 2011

New EAASI Board of Directors

On the occasion of the General Assembly in Munich on January 10, 2011 the European Association Amusement Supplier Industry renewed its Board of Directors.

Most of the Directors were reconfirmed by a large majority, with the nice new entry of Mrs Charlotte van Etten.

The Colleagues speaking on behalf of EAASI said:

" We are proud to announce that Charlotte Van Etten is part of EAASI newly appointed Board of Directors.

Charlotte is an excellent connoisseur of the amusement industry, and we are all very happy that she accepted this appointment."

While we welcome Charlotte in her new role, we thank her in advance for her continued, passionate dedication to the cause of our Association and our Industry.

As Charlotte is taking over the position from of Peter van Bilsen, who has served on the Board for many years, the Board also would like to express their gratitude for Peter's contribution over these years.
